

A detailed illustration of a PCB layout for a WeAct-OLED 128x64 display. The PCB is dark brown with white traces. At the top, there are four pins labeled GND, VCC, SCL, and SDA. The display area is outlined by a white L-shaped frame. The text 'WeAct-OLED' and '128x64' is printed in large white font in the center. There are four large yellow circular pads at the corners and a grey mounting tab at the bottom.
